

Wilkerson Instrument Co., Inc. is seeking a Regional Sales Manager to cover Florida, Georgia, and Alabama.

The responsibility of the RSM is to make some sales calls on targeted accounts, but to primarily find Dealers in Florida who will sell the company's products.

After Florida has an adequate sales force, Georgia and Alabama will be targeted for the same efforts.

The person selected must be technical and have the ability to understand and apply the company's products to customers' applications. An education as an EE (electronics) is required due to the technical expertise required.

Florida residence in or near Lakeland is required.

Our web site contains documentation on all of our products. Please review our product lines. If you have adequate experience and a desire to take the challenge, send your resume to:
